

English Ranch is pleased to announce a new and exciting partnership with the British School Group!

We have combined English Ranch's innovative online platform with British School's well-known experience in ESL training to offer our clients the best service possible.

British School Cloud is the result of this partnership that offers quality English lessons in the comfort of your home or office on the phone or Skype.

English Ranch was founded in Boston, a globally acclaimed center of academia and research. Thanks to the relevant expertise of our founding partners, English Ranch has developed a *People Based e-Learning*® platform that combines the best features of traditional teaching and the advantages of distance learning.

The British School Group has been teaching English to Italian learners since 1954. Every year, students of all ages, cultural and social backgrounds follow courses in the different school locations. The advantage of several years of experience has granted the British School Group great recognition and many awards.
